Dear Richard Page (and Jorge Quintero),

I would like to personally thank you for visiting our school district and presenting your valuable information to our students. I feel that this is an excellent program and I hope that in the future some of our students will be able to participate and take advantage of the benefits that it has.

I myself have done this but in college and the time frame was much too short for visiting and learning in a foreign country. I hope that some day I will be able to return to Venezuela as I really enjoyed it there and the experience was amazing.

Again, thank you for you time the students really enjoyed it.

Sincerely,
