

Mr. Page

I am writing this letter to thank you for a wonderful year that I had in Harmonsburg. I have made so memories and friends that I will never forget. I want to thank you for allowing me to come to this country and to tell you thank you for allowing me to stay here after some of the trouble that happened in my year here. I appreciate all that you and your organization have done for me. This was one of the hardest things that I have done in my life, and without PEACE, I do not know if I could have had such a great experience.

I cannot forget some of the experiences that I have had here. I will take all these memories along with me as I think they will help me grow and become a better person. PEACE has allowed me to grow in a great atmosphere with a family that loved me. This organization has given me a new look at life and living away from my family and country for a year. My stay here, although had bad times, the good times are so much more. My family, friends and school all were great and with them, I made it through a year in the United States.

I cannot say enough thanks to you or your organization for allowing me to be an ambassador to my country. I wish you all well and I will keep in touch. These memories are priceless and I will treasure them forever. Thank you again Mr. Page.
